

INTHESYS 2000 ESSENTIAL OILS MANUFACTURING PLANTS AND FACILITIES

1993

1998

Inthesys 2000 was founded in 1993 and in the same year, started its activity as Distributor/Retailer of Italian branded medical/pharmaceutical products and professional cosmetic products, mainly destined to foreign countries (Europe and Far East).

In the year 1998, Inthesys started its cooperation with **Hauspex Walmy** as marketing advisor and foreign worldwide distributor of professional Walmy Lines in bulk form.

In the year 2014, after Hauspex activity discontinuance, Inthesys took over the Walmy complete finished product stock, raw materials and **original formulas of Walmy products and specifically:**

- SINERGOL
- SINALGA
- BIOELASTINE
- OLIGOVITAL
- REPAIR
- IRUDINE
- BOTUNATURAL
- NEREIDI
- FIORI

2014

Few months later, Inthesys signed an initial production cooperation agreement with a cosmetic italian contract manufacturer which started manufacturing on Inthesys account, the above lines mainly in bulk form even if for certain products, like certain Sinergol Oils, production was also made in retail form and versions (250-500-1000 ml bottles)

oral care
toiletries
hair care
medical devices
and biocidal

One year later, due to the high demand of Walmy products, Inthesys reached a new cooperation agreement with another **italian cosmetic contract manufacturer of higher production capacity** particularly active in the cosmetic field with skin care products (both professional and retail). This company was and is also active, in the manufacture of retail/bulk lines, destined to:

- **ORAL CARE**
- **TOILETRIES**
- **HAIR CARE**
- **MEDICAL DEVICES AND BIOCIDAL**

With the strict assistance of this company, Inthesys completely up-dated Walmy-Hauspix formulas, which were revised with new approved raw materials, active and functional ingredients, production methodologies, following more recent international regulations in the cosmetic field.

In addition to that, with the assistance of R&D Manufacturer, some new lines of products were developed and added to Walmy Lines like:

- **SKIN WHITENING PRODUCTS**
- **WRINKLE ERASERS**
- **SNAIL SECRETION BASED PRODUCTS**

skin whitening
products
wrinkle erasers
snail secretion based
products

production plants
offices
warehouse
